

Mother's Gold Spice — 400 mL jar. Wraparound label 221.3 × 55.33 mm, 1 per A4 portrait (turned 90°). Jar 73 mm across = 229.3 mm around, wrapping with a 8 mm glue overlap. Net 400g · MRP ₹499.

Print at 100% — do not "fit to page". Check the bar below measures exactly 100 mm; if it does not, the sheet was scaled and the labels will not meet round the jar.

UNCONFIRMED for the 400 mL jar — settle these before printing a batch:

- body diameter 73 mm is typical for a 400 mL jar but has NOT been measured — it sets the label width, so confirm it with the factory before printing a batch
- net 400g is calculated from 400 mL brim less 10% headspace at 1.1 g/mL — weigh a filled jar to confirm
- the shop lists this size as "500 g" at ₹499, but a 400 mL jar does not hold 500 g — either the jar or the listing has to change

PROOF ONLY — placeholders to correct before any jar is sold: FSSAI **10012345000123** is invented and no licence has been issued yet (printing a fabricated licence number is an offence under the FSS Act) · batch **MGS-2026-04-001** and **04/2026-04/2027** are examples, not this batch.
